Hey Jeremy,

Would really help if you could just give a bottomline number for the two periods requested below.

1. Estimated costs through September 30, and
2. Estimated costs for the first two weeks in October.

Sorry. I am doing ten millions things and just need a bottomline for the above cause don't have time to calculate.

Thanks.

Good Afternoon Mrs. Lee,

Let me try to break down the CG costs and burn rate for the present time and extend them out for 30 days under the current response posture.

**CBI/Ex. 4**

**CBI/Ex. 4**

Please let me know if you need further information on our spending or current burn rates.

Hi Barbara,

Thanks for resending. PSTeam will assist you with your inquiry. They have all the details on the projected costs for Gold King Mine.

V/R,  
Mike

Hi Laurie and Jeremy,

We have an urgent request to provide projected costs for the Gold King Mine response. The following is what has been requested:

We need cost projections for two time periods:

1. Estimated costs through September 30, and
2. Estimated costs for the first two weeks in October.

Please assume that the response will continue at its current levels when estimating for both time periods. (There was speculation that response activities may begin to wind down, but until we have a definitive answer, please do not assume a change in the response. Please provide this information by noon today if possible.

Please let me know if you have any questions. Thanks.
